CHANCELLOR HAWGOOD

RE: Recommended 2018-19 Student Services Fee Allocations

We are writing to inform you that the Chancellor’s Student Services Fee Advisory Committee (SSFAC) performed its annual review of the student services funded from the Student Services Fee (SSF) revenue. Based on the State Budget Act, we understand that State funding will be provided during 2018-19 in lieu of the proposed Student Services Fee increase of 5%. We ask for your concurrence with the following budget adjustment recommendations:

1. Allocate one-half of the one-time State funding associated with the Student Services fee buyout received by UCSF for student mental health, consistent with Regents policy.
2. Allocate the balance of the one-time State funding to a student services program for spending during 2018-19, allowing an equivalent amount of Student Services Fee funds to be added to the reserve.
3. Fund an increase of $3,600 to Fitness & Recreation for Bakar access to help cover increased campus costs, e.g. facility services, UC police.
4. Fund an increase of $331 to Family Services to cover a 5% annual increase to the Sittercity contract annual fee.
5. Fund all other units at their 2017-18 levels. For the third consecutive year, the committee requested that units exclude fixed cost increases from their proposals, given the inability of projected fee revenue increases to cover these costs during 2018-19.

The total expense budget of will be funded from the SSF projected revenue of $3.05 million, the current Chancellor’s subsidy of $646,000, and the one-time State funds provided in lieu of a Student Services Fee increase.

The table below summarizes the committee’s funding recommendations for 2018-19.

Background

The units were asked to address the following:

1. Assess and report on student access to and utilization of services with the data segmented by campus location;
2. Describe efforts to assess the current needs of students, consider essential unmet needs, and disclose underutilized services from which funding may be reduced and potentially diverted to different programs and services that can better serve the current needs of students; and
3. Present ideas about better collaboration between units to achieve operational efficiencies while still offering the same level or better service to students.

A proposal template was provided with the following information requested:

- Description of department's mission and goals
- Organizational chart
- Summary of the budget requested, with explanations for any difference in amount from prior year, with conditions for temporary requests explained
- Description and illustration charts summarizing both prior year and next year's fund sources and expenses, by type, including highlights of any changes to unit's programs and services as compared to previous years
- Description of the department's outreach efforts informing students of the its services
- Student feedback, e.g. program evaluation results, survey results, testimonials.

Additional Recommendations

The committee made the following general recommendations:

- The committee recommends the campus consider investing in appropriate space for Student Health and Counseling Services (SHCS) on Parnassus. The clinic—a small and overcrowded space in Millberry Union on P8 parking level adjacent to the parking kiosk—is difficult for students to find and once a student does find it, the first impression is that the campus does not value the health and wellness of its students. The space is currently inadequate for the clinical and outreach services provided, the number of employees who work there, and for optimal protection of students' privacy.
- Units should increase publicity of events and services.
- Units should try to increase arts and events, and other programming at the Mission Bay campus.

Please contact us if you would like any additional information regarding these recommendations or the Committee's work. The names of the committee members and ex-officio staff contributing to this effort are attached.

Finally, the Chancellor's Student Services Fee Advisory Committee appreciates the continuing support of UCSF leadership necessary for sustaining and enhancing the quality of student life at UCSF.

Thank you again for your support,

Joseph Choe  
Graduate Division  
Student Co-Chair

Sharon Youmans, PharmD, MPH  
School of Pharmacy  
Faculty Co-Chair
I approve the Committee's recommendations.

Sam Hawgood, MBBS
Chancellor
